## VideoSafe<sup>TM</sup>

With *ProPix DVD*<sup>TM</sup> One Step Software

Transfer Any Video Tape To DVD

**CameraMate VideoSafe is the ultimate DVD creation tool. Transfer video from any camcorder or VCR and preserve your memories onto VCD, SVCD, or DVD. Let ProPix DVD software do the work for you.**

- ▲ Your Video Tapes Won't Last Much Longer
- ▲ Easy to Use ProPix DVD One Step Software
- ▲ Works With All Video Tapes
  - VHS, VHS-C, 8mm, Hi-8, DV, MiniDV
- ▲ Create DVD, VCD or SVCDs From Any Video Tape

### **Direct DVD/ VCD/ SVCD**

VideoSafe allows you to capture video and burn to DVD in just one easy step. Set the parameters for your DVD creation, then capture. ProPix DVD will do the rest for you. You can easily go from Camcorder or VHS tape directly to DVD, VCD, or SVCD

### **Preserve Your Memories**

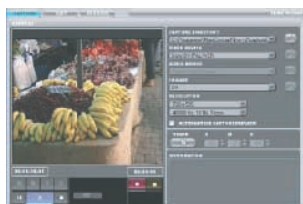

All your precious video memories are at risk. Video tape is a temporary storage device - it disintegrates over time. Video tapes only last 3 to 10 years. Your video library will last Forever on CD or DVD.
